

Two Color Quilt Sparkling Star

Fabric Requirements:

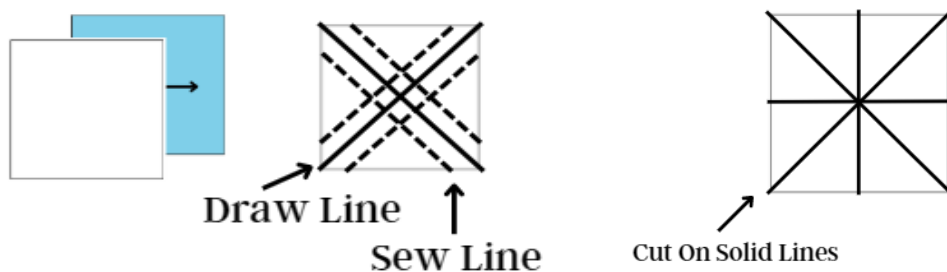

White: (5) 5.5" squares,
(4) 3.5" squares,
(12) 2" squares.

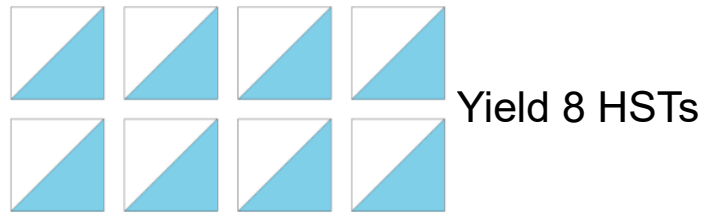

Blue: (5) 5.5" squares.

- Use a $\frac{1}{4}$ " seam allowance unless otherwise instructed.

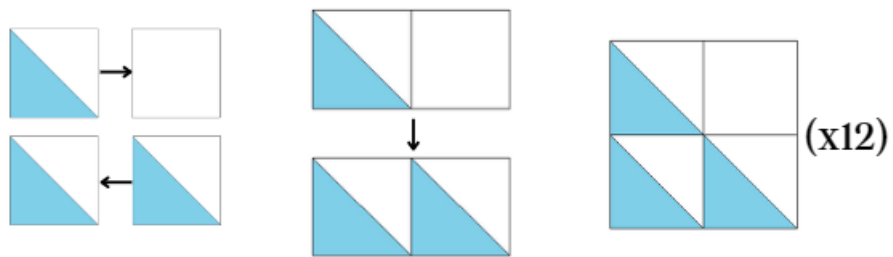

Sparkling Star Block (12.5" Unfinished)

1. Begin by making 36 Half Square Triangles (HSTs) with the eight-at-a-time method using the 5.5" blue and white squares. Place a 5.5" blue square on top of the white square with right sides together, then draw a line corner to corner on both diagonals. Sew $\frac{1}{4}$ " on either side of the drawn line. Cut squares apart horizontally and vertically, then on the diagonals to yield 8 HSTs. Repeat with each pair of blue and white squares. Trim all 2" square. You will have 4 extra HSTs.

2. Next, make 12 HST units as shown using the 2" white squares. These should measure 3.5" square.

3. Now assemble your block with the units made in step 2 and the 3.5" white squares as shown. Your block should measure 12.5" square.
