Woven Star

1. Begin by adding your four accent 1.5" squares to the corners of the four 3.5" background squares as shown. Be sure to trim away the excess fabric and press out towards the corners. Set aside the 4 corner units for later.

2. Next, using the 4" background squares and the 4" print squares, make 8 HSTs or two of each color. Draw a line corner to corner on the back of the background squares, lay a print and background square right sides together. Sew $\frac{1}{4}$ " on either side of the line, cut apart on line, and press each square towards the print fabric. Repeat process to make all 8 HSTs. Trim all to 3.5".

3. Now, make the split square triangle blocks. Begin by cutting all of the remaining 4.5" print squares in half corner to corner. Set one of the half triangles from each color aside. Cut the second triangle of each color in half again to create two quarter triangles as shown.

Then sew together two quarter square triangles as shown paying attention to the fabric placement. Press and then add the half triangle to the quarter square triangles. Press towards the half triangle and then trim to 3.5" square. Make four units...each unit should be different...pay close attention to detail to place your fabrics in the correct position. *Hint: Look below at the assembly diagram for help.

4. Last, assemble the block as shown. Don't forget to make two of these stars. Use different fabrics for each block for more variety. Block should measure 12.5" unfinished.
